Course Description Form

1. Course Name:
Building Construction
2. Course Code:
3. Semester / Year:
2023−2024
4. Description Preparation Date:
22/3/2024
5. Available Attendance Forms:
Class Attendance
6. Number of Credit Hours (Total) / Number of Units (Total)
24-hour/ 3 units
7. Course administrator's name (mention all, if more than one name)
Name: Abdullah Nassir Jawad Email: abdullan97@uowa.edu.iq
8. Course Objectives

Course Objectives	• **Providing the basic informat that the student needs on hov construct buildings and pav the way for absorbing a lot information that is related to future studies and practicing profession after that.** • **Introducing the student to methods used locally construction work, wi discussing and comparing th with modern methods abroad**

9. Teaching and Learning Strategies	
Strategy	Linking the theoretical aspect taken in lectures with t practical aspect through frequent scientific visits engineering sites

10. Course Structure

Week	Hours	Required Learning Outcomes	Unit or subject name	Learning method	Evaluation method
the first the secor the third the fourt Fifth VI Seventh VIII Ninth The tenth Eleven twelfth	2 2 2 2 2 2 2 2 2 2 2 2	Knowing how make bricks Knowledge of t mechanisms us in sto construction Bridges and th types How to impleme bridges Columns and th types How to impleme columns Ceilings and th types How to impleme ceilings Veal Final finishes	Knowing how make bricks Knowledge of t mechanisms us in sto construction Bridges and th types How to impleme bridges Columns and th types How to impleme columns Ceilings and th types How to impleme ceilings Veal Final finishes	Theoretical lectures a site visits	Class attendance a class participation

11. Course Evaluation

There are 30 marks for the monthly exams, 10 marks for the practical part, 10 marks for attendance, class participation, and quizzes, and 60 marks for the final exam.

12.

Required textbooks (curricular books, if any)	Building Construction Book by Ar Levon and Zuhair Sako, 2007 edition

Main references (sources)	The references in the methodologi book have been adopted
Recommended books and references (scientific journals, reports…)	
Electronic References, Websites
