

CURRICULUM VITAE

Personal Information:

✚ NAME	: Doaa Falah Rasool
✚ PLACE OF BIRTH	: Iraq-Babil
✚ DATE OF BRITH	: 15-5-1995
✚ NATIONALITY	: Iraqi
✚ MARITAL STATUS	: Married
✚ LANGUAGES	: Mother Tongue \ Arabic. Other \ English
✚ ADDRESS	: Iraq – Babil – Al-Hashimiya
✚ MOBILE NO.	: 00964 - 7814479524
✚ E-MAIL	: duaafalahdf95@gmail.com

Educational Record :

- Bachelor of Science (B.Sc.), in Civil Engineering, University of Karbala, Karbala, Iraq.
- Master's student in Road's engineering, University of Karbala (completed the preparatory and research year and is awaiting the issuance of the university order)

Past Experience :

- Excellence in the graduation project entitled (Improving mechanical properties of concrete by using palm fiber).
- Two years of work in the British company DCP for the manufacture and trade of construction chemicals, during which it contributed to all maintenance work in the facilities and provided engineering consultancy, including:

1- Epoxy coating works in many locations, including (Coca Cola Factory and Ahmed Al-Waeli Hospital).

2- Water leaching treatment works in tanks and basements using injection methods (rain water tanks in Hindi sewers within the work of sanitary lift stations)

3- Pillar head treatment works in some hotels in Karbala governorate

4- Strengthening works of dilapidated and heavily damaged facilities using carbon fiber technology, which was done by treating the main columns of the Hindiya Bridge according to an engineering consultation.

5- Treatment and coating works for sewage and rain water pumping stations within the new Hindiya Sewerage Project.

6- Treating concrete drinking water tanks and coating them with food epoxy using modern methods, as in the Al-Ostora residential complex in Karbala governorate.

7- Solve all concrete problems using modern construction chemicals (nesting, rebar damage and corrosion)

Computer skills:

- Very good user of Microsoft windows and office.
- Good user for AutoCAD

General skills:

- Excellent knowledge of civil topics (Survey – Highway & airport – Concrete - Tanks works – Material).
