

Course Description Form

1. Course Title:	
Qur'anic Rhetoric	
2. Course Code	
RJ-13-SW	
3. Semester/Year	
First Semester / Third Stage / Academic Year 2025-2026	
4. Date this description was prepared	
6/8/2025	
5. Available Forms of Attendance	
morning	
6. Number of Hours (Total) / Number of Credits (Total)	
30	
7. Course administrator name (if more than one name mentioned)	
Name: Mulham Salem Issa Al-Shabib Email : mulham.salim@uowa.edu	
8. Course Objectives	
Cognitive Goals 1- The student will be able to: Introduce rhetoric, its origins, and sources 2- Explaining what Arabic eloquence is and how it differs from other languages 3- Knowledge of the science of statement and its sections 4- Knowledge of the science of Al-Badi' and its divisions 5- Identifying the theory of systems and its effectiveness for understanding the Qur'anic miracles 6. Integrating the theoretical level with the applied level of the Qur'an.	Objectives of the course: - Introducing the science of rhetoric and the extent of its impact on the meaning - Explaining the relationship between rhetoric and miracles presented by the Holy Qur'an. - Providing this science as an aid to other sciences related to the Holy Qur'an.
9. Teaching and Learning Strategies	

- Using interactive lectures to present theoretical concepts in the meanings and function of prepositions while engaging students in discussion and motivational questions. Employ blended learning by combining classroom lectures with online activities or content, including recorded recitations, digital lectures, virtual discussions, and online quizzes. - Direct students to read basic sources of rhetoric and literature, and analyze them within assignments to enhance deep understanding. - Assign students presentations on selected topics from the course, which develops summarizing, explanation, and communication skills.	Strategy
